Innov-ís NS80E

Overview

The Innov-ís NS80E packs a punch in a smaller footprint. This makes it an excellent option for traveling and sewing retreats. This machine offers exceptional sewing quality by using components from more technologically advanced sewing machines. The long J foot and feed dogs create a smooth sewing experience with consistent stitching. The advanced needle threading system and clear LCD screen make operation a breeze. This machine is perfect for new sewers, or for experienced hobbyists looking to expand their collection on-the-go. Looking for portable, feature rich and affordable? The NS80E is the machine for you.

Built-in stitches, buttonhole styles and fonts

- 80 built-in sewing stitches, including 8 one-step auto-size buttonhole styles.

Improved sewing

- Experience a smoother sewing experience with longer feed dogs and J foot for powerful feeding and stitch consistency.

Advanced needle threading system

- With the simple press of a lever, thread is conveniently pulled through the eye of the needle.

2.56" monochrome LCD display

- Designed to ensure visibility of stitch options for easy adjustments on a larger display.

Super bright LED light

- Built-in super bright LED light to brighten up your workspace for clear and accurate sewing – virtually anywhere.

Aluminum chassis

- Helps reduce vibration and noise while sewing, and adds to portability of machine.

Computerized operation

- Start/Stop sewing are computerized with either button or foot controller.

Spacious workspace

- Ample 4.1" x 6.4" work area helps you to easily work on projects while maintaining a portable footprint.

Variable speed control

- Fast or slow, your machine retains its full power.

Advanced safety features

- Your machine comes equipped with a needle plate detection sensor for safer cleaning, and a reinforced carrying handle to ensure safe and easy transport.

Included soft cover for travel

- Protect your machine from dust and dings when on the go.
